

**HOLD THE DATE:**  
**13 & 14 Oct. 2016**

## **NANOBIO SUMMIT 2016**

---

**Auburn University, Student Center**  
**Thursday & Friday, October 13-14, 2016**

Auburn University is pleased to host the **4<sup>th</sup> NanoBio Summit** on **October 13-14, 2016** at the Student Center located on the campus of Auburn University in Auburn, Alabama.

This Alabama-Regional Summit will provide a scientific forum for industry professionals, faculty, students, and postdoctoral scholars from a broad range of disciplines including **biology, physics, chemistry, engineering, materials sciences, agriculture, pharmaceutical, biomedical and health sciences** and **medicine**.

Areas of focus include: nanobioscience, nanoengineering, nanomaterials, biotechnology, collaboration, discovery and commercialization. The Summit will provide opportunities for networking to accelerate new research and educational collaborations while focusing on the latest research findings, innovations and implementations of nanotechnology.

Featured speakers will include distinguished scientists from industry and academia. Information, including links for meeting registration, hotel accommodations and request for oral/poster abstract submission is available at [www.nanobiosummit.com](http://www.nanobiosummit.com). If you have any additional questions or would like to support this conference, please email:
